

SBA 8(A) CERTIFIED MINORITY OWNED
DISADVANTAGED SMALL BUSINESS

STATEMENT OF ABILITIES

*"WHERE SAFETY IS THE
PRIORITY AND QUALITY
IS THE STANDARD"*

JACOB CONSTRUCTION & DESIGN, INC.

COMPANY OVERVIEW

Jacob Construction & Design, Inc. (JCD) is an SBA 8(a) Certified Small Business General Contractor that specializes in all aspects of federal construction and management. Given the military's demonstrated leadership in service contracting, JCD has made it our core mission to excel in the federal arena.

Today, JCD's portfolio features projects of varying sizes and levels of complexity, including but not limited to interior remodels, Xeriscaping/passive irrigation systems, fire main replacements, (building) foundation lifts, hazmat mitigation, gas cabinet system installations, roofing, roadway and sidewalk repairs, and placement of foundation/flight line arresting gear systems. At JCD, we pride in leveraging our deep construction experience and actively striving to evolve our methods, technology and training to build smarter.

At Jacob Construction & Design, we are committed to doing it right the first time, every time. To us, details do matter. This is why we built our company from the inside out. At our core, what truly sets us apart from our competition is our team of architects, project engineers, project managers, superintendents, and key vendor partnerships. Our team brings to the table a diverse set of skills and experience, ensuring each project is accurately and carefully evaluated for its unique attributes and critical requirements. This collaborative approach, coupled with proven processes, innovative technology and effective communication, allows us to deliver exceptional service at every stage of the project.
